

FOUR CORNERS INSTRUMENT SORTING GAME

The instrument banners are vanishing! Restore the banners by correctly putting instruments into their families! Can you make it all the way to the end?

CREDITS & THANKS

Thanks to RobyRyker,
Prettygrafik Design,
Dancing Crayon Designs,
Lime & Kiwi Designs, aka
Stock, San Montisan, Pixel
Paper Prints, and KG Fonts
for the colorful clip art,
frames, and digital papers.

Need some more PD? Come join me LIVE on Facebook every Monday night at 8 Eastern Time for some PD in your PJs! I'll talk through my K-5 lesson plans for the week and then do a deep dive on one grade sharing all the resources, books, games, puppets, and process that I use to teach the content! If you can't make it live then check out the replay in my video feed!

Get some PD while you drive to school,
or run errands, or walk the dog, or...

SO MANY WAYS TO SHARE!

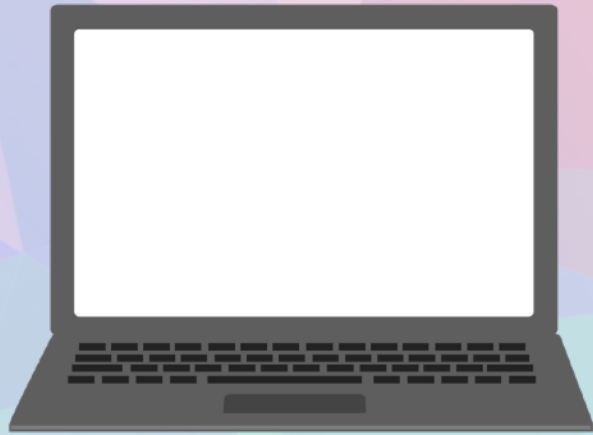

This resource is optimized for tablets, interactive whiteboards, and web browsers! Included in this bundle you'll find

- printable pages with QR codes and links for Chromebooks, tablets, laptops, and other platforms!
- Links so that the resource can be used on an interactive whiteboard like Promethean or SMART board.

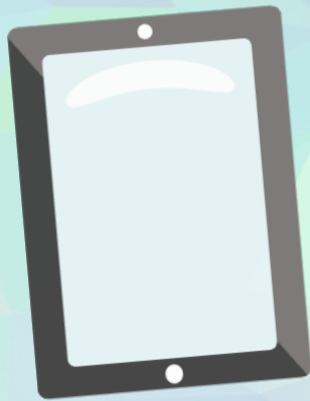

If you have any trouble sharing this with students please email me at MakeMomentsMatter@gmail.com

SO MANY WAYS TO SHARE!

The links provided give students direct access to the interactive game. You can embed the links into a learning management system like Blackboard, Canvas, or Google Classroom or students can type the URL into their web browser. Links are case specific so make sure you use upper and lowercase as directed.

You can also use the printable pages with QR codes and links for Chromebooks, tablets, laptops, and other platforms! Kids can scan the QR and go right to the game!
